Build-out line rules:

- **7v7 (U9-U10 Only)**

- Once a team is awarded with a goal-kick, the opposing team MUST wait behind the build-out line (quarter of the field, line) until “goal kick” is thrown in.

- **4v4 (U6-U8)**

- Once a team is awarded with a goal-kick, the opposing team MUST wait behind the build-out line (half-way line) until goal kick is kicked in.

Throw-ins: Only in 4v4 games!

- Throw-ins will be awarded when the ball goes out of bounce on the sidelines.

Kick-ins: 7v7 rule!

- The only time the ball will be considered out of play is when the ball goes over the surrounding walls and hit the black nets. The ball will be placed back in play by player placing the ball on the ground and kicking it into play.

3 Line Rule: 7v7 Only

- Our indoor fields have 3 lines that go across the field from side to side. These 3 lines divide the field into quarters.
- The 3 line rule does not allow the ball to go over all 3 lines without the ball making contact with the ground.
- For example, if a player has the ball in their defensive quarter, and they kick the ball all the way across the field to the last attacking quarter without the ball touching the ground (ball goes over all 3 lines) a foul will be called on the team that kicked the ball. The opposing team will be awarded with a freekick.

- The team awarded with the freekick will place the ball on the center of the line closest to the attacking goal.

Penalties:

- Due to dangerous play, the referee has the ability to penalize a player by having the player leave the game for 2 minutes. In this case, the team that has been penalized will play a man down until the referee waves a player back on. This includes all field players and goal keepers.
- Any player receiving a second blue card in a game shall be shown a red card and will be suspended from the rest of the game and will need to leave the facility immediately

Encroachment:

- All restarts shall be given 3 yards of clearance by the defending team
- If player taking the free kick request distance, the player must wait for the referee to whistle to kick the ball into play
- In a free kick, the legal distance between the ball and the defensive wall must be 3 yards
- If player that was awarded a foul decides to play quick, no encroachment will be provided to the kicker
- A defensive foul in the box will result in a penalty kick for the offensive team. Whistle must be blown to execute the penalty kick

Inbounds Restarts:

- The ball will be considered out of bounce when the ball goes over the perimeter wall and hits the overhead net
- Instead of throw-ins, team that is awarded the restart will place the ball on the ground and pass it in
- Player kicking the ball in will have a maximum of 5 seconds to get the ball into play

- Once the ball goes out over the goal, goal keeper must throw the ball into play, no punting. The ball is in-play once it leaves the goalies hands. The goal keeper CAN punt the ball during active play.

Scoring:

- 1 point will be awarded for a goal.
- 2 point will be awarded for a goal, shot from behind (not on) the white line.
- COED Adult games, a female goal is worth 2 points.
